Hello Autumn - Vacation for People with sun in their hearts

Darmstadt, September 21st, 2017 *** We have already felt it last week. Autumn is coming. This is a great time for sustainable travel opportunities like culinary city trips, long hikes in nature or to soak up the last rays of sun in southern areas. What would a green vacation idea like this look like? And what would be an appropriate must have?
When Heidi and Peter relax ...

The Hotel Outside is located in East Tyrol amidst the national park Hohe Tauern. Gadgets like e-mountain bikes, backpacks, nordic walking sticks and hiking sticks are available for long hiking trips as well as shorter walks in nature. Furthermore, the lovingly designed spa area is there to fulfill every wish. Another highlight, besides treatments with mountain hay and local herbs, clearly is the glacier peeling.
Warm scarves and hats - sustainably trendy

Following the cradle-to-cradle principle, the German streetwear label Recyclist Workshop produces all its sweaters, scarves and hats out of recycled resources. In order to watch out for the environment, the label’s products can be returned even after being worn. In that way a significant contribution to a sustainable recycling circuit can be made.
Ti amo - Milano!

In order to enjoy the Italian dolce vita in autumn, a trip to Milan and the green Hotel Milano Scala is a great idea.
